- Velvet viscose flocking powder to be sprinkled into glue
- Results in a velvet-like surface that is soft to the touch
- Depending on the substrate and layer thickness, different colour shades may appear
- Suitable for wood, styrofoam, cardboard, plastics, etc.

Tip for application:

Choose adhesive according to the substrate: paper glue, craft glue, spangle glue, styrofoam glue or adhesive tape!

Casting mould: Rabbit, lateral
15x13x3cm

THE all-round casting moulds out of highly transparent, dimensionally stable PET. Perfect for casting with creative-cement, jewellery-cement, Raysin or soap. The moulds are 3cm deep – therefore, different tall items can be poured out of them: either flat for delicate pendants, or tall for decorative setting up of shapes. Depending on the cast material, before casting, grease the moulds with a household edible oil ...and do not forget: for an individually appropriate relief of your cast pieces, pour it out furthermore with a label Rayher!

Casting mould: Cloud
15x9x3cm/10x6x3cm

THE all-round casting moulds out of highly transparent, dimensionally stable PET. Perfect for casting with creative-cement, jewellery-cement, Raysin or soap. The moulds are 3cm deep – therefore, different tall items can be poured out of them: either flat for delicate pendants, or tall for decorative setting up of shapes. Depending on the cast material, before casting, grease the moulds with a household edible oil ...and do not forget: for an individually appropriate relief of your cast pieces, pour it out furthermore with a label Rayher!
