

DIMENSIONS®

November 2023 Needlecrafts

# 2023

---

Dimensions November collection is dedicated to those with a desire to create something handmade—to know the personal satisfaction of seeing something magical emerge from the colors and textures of each tiny stitch on a piece of fabric.

We've curated an eclectic mix of both traditional and contemporary designs, all of which we hope offer inspiration, relaxation and enjoyment to everyone who loves needlecrafts.

## **COVER DESIGN**
