TROIKA®

Catalogue 2021/2022

We've learnt, changed & evolved!

Kind regards

Liudger Böll
Creative Director

Changing requirements create new structures - faster!

Within a very short time in 2020/21, our reality changed from barely constrained and real to distanced and digital.

What have we learned from this? How did we evolve?

- Online activities, virtual trade fairs and events were expanded
- short product explainer videos were created, suitable for all digital channels
- internal processes were reorganised, streamlined and simplified
- a new process management was established to help us to identify and solve your „pain points“ better
- Added product value is now transported quickly and easily to the customer via our B2B business blog, campaign specific landing pages and individual downloads.

But we also recognise that nothing replaces real, personal contact and products that you hold in the hand simply inspire more.

Holding a product, being inspired, that's how new ideas for your customers develop! This is the reason why we're printing our catalogue and handing it over to you today.

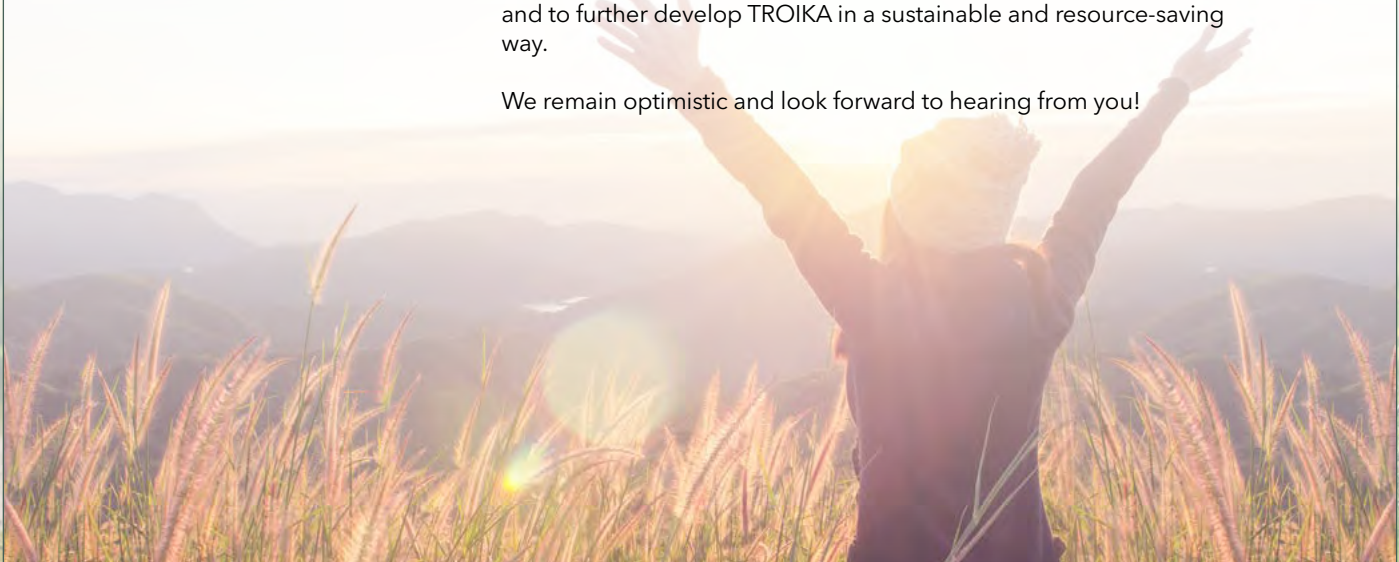

In the front part of the catalogue, you will find the new products from 2021 together with the highlight products from the last 1.5 years.

We have deliberately changed the concept and show our newest products together with the trend products over the lockdown months! This way you will not miss any of our highlights.

Of course, there is an overview of the current new products in our online store: business.troika.de/catalog/en/new-collection

What about our goals for the future? To become even better digitally and to further develop TROIKA in a sustainable and resource-saving way.

We remain optimistic and look forward to hearing from you!

The little companion with the two faces. The hard shell for everything that only becomes important in the hotel, for example, laundry or toiletries. The integrated soft bags for everything you need on the go, for example, business documents, catalogues, travel documents and mobile devices. In the larger compartment, there is even room for a laptop up to 13" in dimension. Both together result in 36 HOURS TROLLEY - probably the smartest case management on four twin lightweight wheels. MEETING TIMER

Timer for your speech or ventilation interval timer

for successful time management in virtual or face-to-face meetings, lectures, events etc.

Ventilation interval timer

Timer for your speech

Brings colour into every meeting

MEETING TIMER puts an end to lengthy speeches and endless presentations - or reminds you of necessary ventilation times - charming and visible to everyone. In four freely selectable colours - white, green, yellow and red - the clever meeting UFO signals when speaking time is running out or when the next ventilation interval is due. The light duration, colour and reminders can be individually set using the app. In urgent cases, the meeting moderator can intervene directly via a touchpoint on the timer. Including TROIKA app for Android (e.g. Samsung, Huawei) and iOS (Apple iPhone). USB port for recharging the lithium-ion battery. P.S.: We recommend ventilating rooms 3-5 times a day. Conveniently set the timer to 10-15 minutes and be reminded at intervals throughout the day. Protects against stuffy air in closed rooms and above all, protects friends, colleagues and family, because the risk of infection is significantly reduced by proper ventilation (open windows wide and, if possible, create a draft first).

MEETING TIMER | MTI04/BK

Nothing against the boot, glove box, centre console or door pockets: those who love a bit of chaos are in good hands there. Oh, by the way, does anyone know where the charging cable is? We take a stand against this, with exactly one place - behind the front seats. An organiser - securely attached to the headrest and seat back. Ten cleverly thought-out pockets - from a compartment for electronics accessories to a pen compartment and cooler compartment. All of it made from sturdy 650D polyester with a water-repellent coating - in case the kids are on board. The CAR SEAT ORGANISER. Someone has to keep order.
