TOPSELLER 2018 p. 3

DESIGN KEYRINGS p. 20

TRAVEL ACCESSORIES p. 38

For many years the brand TROIKA stood for **DESIGN KEYRINGS**. Whether emotional, decorative, fashionable or technical. Whatever your customers are searching for, TROIKA has it in its collection.

In the **TRAVEL ACCESSORIES** category, you will find everything that makes the modern office mobile. Smart, thoughtful and flexible products that fit perfectly into our modern society.

**We're looking forward to 2019**, especially the chance to present many new products and ideas. Because the TROIKA range is not rigid and evolves through current trends from year to year, there are some small changes to note.

Organised travel is becoming more and more important to our customers and to us, so this year we have a dedicated category for this topic. You will find all of our products in three different categories; Design Keyrings, Travel Accessories and Men's Gifts.

**MEN'S GIFTS** p. 50

**DISPLAYS** p. 64

**Index** s. 70

**Information** p. 73

**MEN'S GIFTS** complete the new layout of our products. From large to small, design to technical and from trendy to retro - here are the innovative TROIKA gift ideas for the modern man - at home or at work.

A highlight in the 2019 catalogue begins with an overview of our recommendations and the 2018 bestsellers, these are clearly arranged by price. If you're looking for attractive promotional items or gifts for your customers, this is the best place to start.

Our Freerail POS solution demonstrates how TROIKA products can be showcased: designed for the perfect self-service and highlight presentation, tailor-made for today's modern sales concepts.

## Freerail

optimal presentation / scalable displays / easy handling

assembly proposals created according to current trends

Interested? Contact us today!

### GROWING WITH YOUR SUCCESS: TROIKA FREERAIL

TROIKA FREERAIL IS THE POINT OF SALE SOLUTION THAT SUITS MODERN SALES CONCEPTS PERFECTLY.

- Freerail is flexible and scalable: start small and expand it step by step as needed. Freerail is trendy but still simple: the high quality appearance of the wooden and metal surfaces will continue to appeal to your customers for years to come.
- Freerail is assembled quickly: Mounting the parts is child's play. The required tool is included in the delivery.
- Freerail is versatile: the Freerail wall, floor tower, table stand, table tower and wall display offer maximal freedom of presentation for your shop.
- Freerail makes it easy to set the scene with your TROIKA products. For the perfect self-service and highlights presentation.

## Logical product groups and clear product presentations reduce purchasing stress and increase sales and purchasing volume

### **FREERAIL PLACEMENT SUGGESTIONS:**

Facilitate your order processes and provide security for sales

### **FREERAIL TRAINING:**

Assembly instructions and other information on each display can be called up at any time with QR codes

### **FREERAIL PLANOGRAMS:**

Simple equipping of the systems by predefined article positions and clear legends with all attachments

digital conception and visualisation

## PLACEMENT SUGGESTIONS

The ideal display concept is easy to use and effective in sales. The products are presented safely but attractively for customers, and at the same time uncomplicated in administration for the sales staff.

FREERAIL displays offer standards for the equipping, tailored to the shop situation and the assortment design in order to show an ordered and coherent brand assortment at first glance.

The detailed assembly suggestions are constantly updated and optimized, and we always ask ourselves the question:

- Which products are self-explanatory and act as a „sales community“?
- Are the products permanently available on the systems?
- Which packaging offers an optimal use of space for the selected display form?
- What is the optimal version for this special shop?

easy realisation at the POS

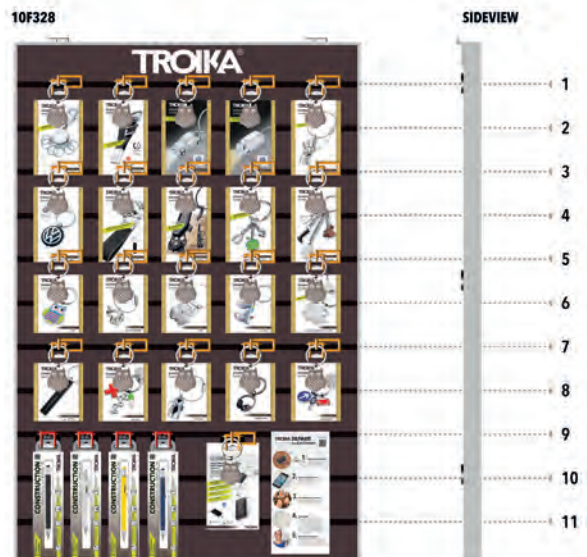

## VISUALISATION AND SHELF MAINTENANCE

Once we have jointly decided on a system variant (floor counter wall display, rotating, etc.), the next measures will take effect automatically.

You will receive a complete planogram with legend for all attachments and a video assembly instruction for the specific FREERAIL system display.

In the next step, the staff at the POS can fill the systems with clearly structured placement suggestions. We group the proposals according to mutually sales-supporting product groups, solid sales figures and optimum packaging sizes. These precise guidelines enable effective work and provide safety for the personnel on site.

Our FREERAIL team is at your side with words and practical help throughout the entire process, and after installation our sales staff are available for you in the office and in the field. Individual products can be readjusted, exchanged or strengthened. Assembly instructions and further information on each display can be called up with QR codes.

# CDUs & Displays

Our counter displays and sales hold many advantages:

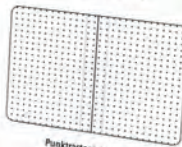

- they save space - because it is valuable
- they are eye-catching - the intuitive decision to buy will be made within 3 seconds
- they explain the product - even when the salesperson is not available
- they make reordering easier - Box empty: order merchandise
- they are literally within your customers' grasp

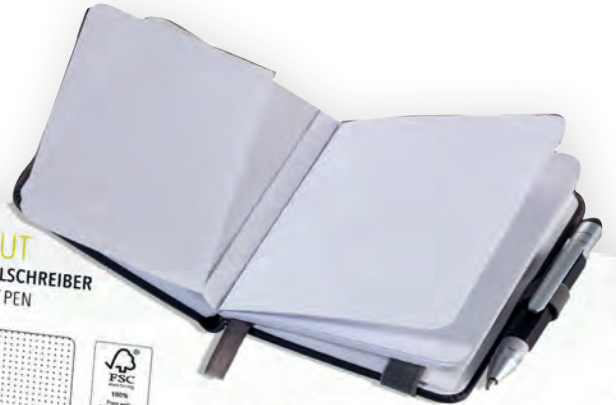

# TROIKA® LILIPAD+LILIPUT NOTIZBLOCK UND KUGELSCHREIBER NOTEPAD AND BALLPOINT PEN
