EC-Norm for the safeguarding of toys

Dear customer!

The legislator provides that toys have to meet the EC-norm and have to be marked with the symbol "CE". Our articles are mainly handicraft materials (basic raw materials) which have not to be marked and often do not meet the strict regulations. (e.g. danger by swallowing smaller items like wooden pearls etc.)

Please draw the parents' and educators' attention to this problem. Small children less than 36 months should, in principle, should not be given products which have not been examined nor marked, or products derived from these products. Other children less than 14 years should do handicraft work under supervision and with all usual precautionary measures. (knife, fork, scissors, light...).

We wish you a few pleasant hours when doing handicraft work and a lot of pleasure with your self-made creations.

All items with a yellow mark are **novelties**.
